

## Experience the Thrill of Tandem Paragliding with Cloudbase Kenya!

**BOOK YOUR SLOT HERE!**

### Dare Mighty Things!

Step away from the noise of the city and into an experience that lifts both body and spirit.

As you rise in the sky, all worries fade, and the vast landscape opens before you—clear, breathtaking, and timeless.

For 15–20 minutes, be fully in the moment, embracing the rare privilege of flight.

Weather permitting, we take to the skies seven days a week.

### What is Tandem Paragliding?

Tandem paragliding is a type of paragliding where two people fly together using a specially designed paraglider: one is the pilot, and the other is the passenger. It's the most common way for beginners or tourists to experience paragliding without needing any prior training or experience.

## How do I get to the takeoff spot?

- 1.5h drive from Nairobi, direction Mt Longonot to the **Kijabe Parking** (Google Pin location below)
- From **Kijabe Parking** there are motorbike taxis to take you 20min up to the Takeoff
- The takeoff is our paragliding homespot, on the summit of Kijabe Hill 600m over the valley floor
- After a safety briefing, you get strapped into your harness, connected to pilot and you take off for a scenic flight and after 15-20min land safely near the parking again.

## What to wear/bring?

- Good mood
- Light wind jacket
- Ankle high hiking shoes
- Water bottle
- Sun hat/Cap
- Submit Booking Form on webpage

---
